

# HALF MASK RESPIRATORS

## 3M 4255+ Maintenance Free Gas/Vapour and Particulate Respirator

3M™ Maintenance Free Half Mask 4255+ is a simple and ready-to-use respirator with an integrated cartridge and filters. A newly enhanced valve assembly helps to reduce exhalation breathing resistance, and the close-fitting, non-silicone, textured face seal is soft and non-allergenic. Includes a resealable bag for hygienic storage and transportation.

- Effective and comfortable protection against organic vapour and hazardous particulates.
- A newly enhanced valve assembly helps to reduce exhalation breathing resistance for improved breathing comfort.
- Lightweight, well-balanced, low profile design.
- Integrated cartridge and filters mean it's ready to use and maintenance free.
- Soft, close-fitting face seal made with textured, non-allergenic material.
- Adjustable head cradle and easy to fasten neck straps.
- Centrally-positioned exhalation valve helps reduce heat and moisture build-up in hot and humid conditions.
- FFA2P3 R D protects against organic vapours with a boiling point greater than 65°C, up to 10 x Workplace Exposure Limit (WEL) or 5000 ppm (whichever is lower), and 20 x WEL for particulates.
- Includes a resealable bag for hygienic storage and transportation.
- EN 405:2001+A1:2009.

## 3M 4251+ Maintenance Free Gas/Vapour and Particulate Respirator

3M™ Maintenance Free Half Mask 4251+ is a simple and ready-to-use respirator with an integrated cartridge and filters. A newly enhanced valve assembly helps to reduce exhalation breathing resistance, and the close-fitting, non-silicone, textured face seal is soft and non-allergenic. Includes a resealable bag for hygienic storage and transportation.
