# FLOOR GRINDER

## Eibenstock 125mm Floor Grinder

The Eibenstock 125mm floor grinder is ideal for grinding and smoothing various surfaces and for the removal of screed seams, residual mud, plaster and other coatings and adhesives.

### Features:

- Electronic soft start, constant speed, speed reduction in case of overload, temperature and over current cut-off.
- Speed regulation - allows to work on finishing plaster, lime sand brick and wood with tungsten carbide grit discs.
- Foldable front edge of dust guard - for grinding directly to the edge of the work area (no laborious reworking, saves time and costs).
- Brush rim - high suction power for dust-free working by connecting an industrial vacuum cleaner to the 35mm nozzle.
- Parallel handle position - ergonomic handles allow exact and balanced guiding for a better surface finish.

Type: EBS125.4  
Disc size: 125mm/5"  
Voltage: 110v  
Input: 1500w
